Training Spotlight

Hello!

Welcome to the new edition of Training Spotlight!

We are excited to keep YOU up to date on new training developed by the state of Michigan and their partner agencies. It also has helpful tips you can use to find the trainings you need to move forward on your career development journey.

This edition of *Training Spotlight* includes:

- Information about new, online courses focused on supporting young multilingual learners or MLLs
- Finding training to support the CDA and MI-YDA
- A reminder to like MiRegistry on [Facebook](#).

As always, if you have any questions, please [contact us](#).

Best regards,
The MiRegistry Team

New Courses for Supporting Young Multilingual Learners (MLLs)

Check out a new, free series of modules focused on supporting young multilingual learners or MLLs. Each course is independent from the others and can be taken in any order.

The first course, [Engaging Multilingual Families](#), will cover accessing research on family engagement and acquiring ideas and strategies to enhance family engagement with multilingual families.

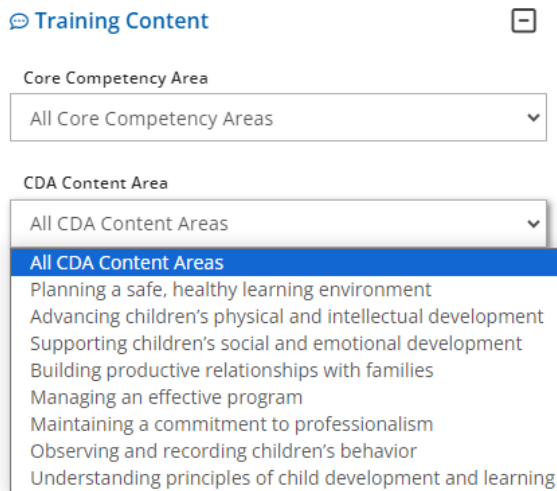

The second course, [Encouraging Language Development in Multilingual Learners](#), focuses on accessing vocabulary-building research, gaining strategies for enhancing multilingual learners' vocabularies, and examples of activities to use.

The final course, [Interactive Reading and Multilingual Learners](#), offers insights into the principles of interactive reading, key milestones in multilingual reading development, and effective strategies to enhance interactive sessions with multilingual learners.

The resources for all three courses have been combined for your convenience and can be found at the end of each course. SCECHs are offered for completing each course, with a total of 4 credit hours for completion of the entire series. These courses are being offered for free.

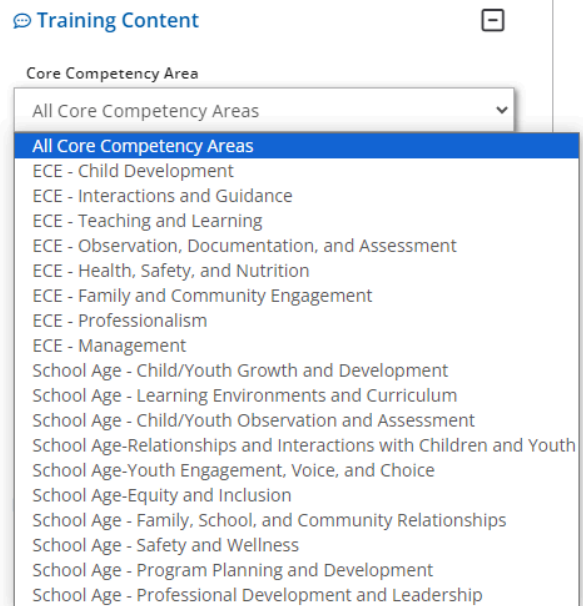

How to Find CDA and MI-YDA Trainings

Finding trainings that meet a CDA or School Age (MI-YDA) Competency Area is easy with the MiRegistry Statewide Training Calendar!

To find trainings relevant to a specific CDA Content Area, visit the Statewide Training Calendar, find the Training Content section, and select the CDA Content Area you are looking for from the CDA Content Area dropdown.

MI-YDA Content Areas are aligned to the School-Age Competency Areas. To find trainings relevant to a specific MI-YDA Content Area, visit the Statewide Training Calendar, find the Training Content section, and select the School-Age Content Area you are looking for from the Core Competency Area dropdown.

As a reminder, there are two reports available to MiRegistry account holders on the Reports tab of the individual profile that were

specifically designed to support individuals that are pursuing a CDA and/or MI-YDA credential.

For more information about these reports, click [here](#).
