## News for Now

Hello!

Welcome to the latest edition of *News for Now*! We hope all is well with you!

This edition of *News for Now* includes:

- Information about how to find trainings that count toward a CDA
- A reminder to keep your profile information up to date

As always, if you have any questions, please [contact us](#).

Best regards,  
The MiRegistry Team

**Finding Trainings that Count  
Toward a CDA**

It's easy to find trainings that apply toward CDA Content Areas using the MiRegistry Statewide Training Calendar! On the left-hand side of the screen, under Filter Training, scroll to Training Content and then select the CDA Content Area you would like to train in.

The screenshot shows a 'Training Content' filter panel with four dropdown menus: 'Core Competency Area' (All Core Competency Areas), 'CDA Content Area' (All CDA Content Areas, highlighted with a blue border), 'Level' (All Levels), and 'Training Language' (All Training Languages).

You can also use filters like Zip Code or Training Fee to narrow the results to events in your area and/or being offered for free.

Are you looking for support with earning a CDA? If so, the Michigan Association for the Education of Young Children (AEYC) can help! Through a variety of resources and services, Michigan AEYC provides the guidance and tools needed to successfully complete the Child Development Associate (CDA) credential process. Review this [support article](#) for more information. To learn more or request CDA support, email [teach@miaeyc.org](mailto:teach@miaeyc.org) or call 517-351-4183 ext. 312.

## Reminder: Your Data Matters!

MiRegistry proudly supports members of the Michigan Early Childhood and Out of School Time workforce by providing a statewide data system for professionals, trainers, and organizations to verify and track employment and training and educational accomplishments. In addition to providing direct customer service, MiRegistry collects and maintains user data. Our team is responsible for providing a database to store user

information, collecting and verifying accurate data, and reporting out on data to assist policymakers in developing resources, spearheading initiatives, and making decisions that directly impact the workforce. MiRegistry even has been called upon to provide data that assists the Governor's office in determining how to best support you!

It is incredibly important that the data (employment, credential, and wage information) in your profile is current so that when the voices and experiences of MiRegistry users are collectively reported upon, we are providing the most accurate information to decision makers.
